Curriculum Map

Course to Program/Discipline Level Student Learning Outcomes

Athletic Training

The Athletic Training curriculum prepares students to achieve the expected student learning outcomes identified by the program or discipline. The following table demonstrates how learning activities in specific courses map to these learning outcomes.

SLO1: earn a passing score on the BOC Certification Exam.

SLO2: demonstrate skills to work cooperatively in a professional allied health care setting.

SLO3: critically analyze health related medical situations, and to draw logical conclusions and resolutions to those situations.

SLO4: apply a variety of measures in the management of medical situations.

Key: I-Introduced R-Reinforced M-Mastery A-Assessment evidence collected
