 College of Visual and Performing Arts
 Kean University

The mission of our BFA degree in Studio Art is to provide students with a foundation in art history and studio course and prepare them with the techniques and concepts necessary to be professional artists. It provides for in-depth specialization in a selected studio area and emphasizes personal growth in the critical, creative, technical and professional aspects of the studio arts. The program also aims to develop students skills in critical thinking, oral, and written communication. It also serves as preparation for graduate study and for related careers in the arts. The BFA Studio Art Program at Kean University has several related goals that are aligned with the University Mission as evidenced in the student learning outcomes.
